ITEM III**

FRINGE APPLICATIONS DELEGATED TO THE NATIONAL PARK OFFICERS

I4/10833/FRI	N: 199576 E: 295322	Rhondda Cynon Taf Planning Division for Construction of one turbine with a maximum height to blade tip of 145m together with ancillary infrastructure including a transformer building, access tracks and turning area, underground cabling, crane hardstanding and turbine component set down areas and temporary construction compound (Fringe Consultation) at Land Between Maerdy Coal Tip And Tynewydd Forest,	Fringe Comments	9 June 2014	Fringe comments
--------------	------------------------	--	--------------------	-------------	--------------------

Reason/s:

The Authority has no objection to the proposed development but raises significant concerns over the cumulative impact of proposed, consented and operational schemes along the southern fringe of the National Park and requests that the Council duly consider this impact as a material consideration in determining this application.
